useful materials for this
project: [Useful materials](#)

We are aiming to extend Mitzvah Day throughout the year, with a [Mitzvah a Month](#). Following our successful Mitzvah Day card-making session, we are holding another card-making morning, and are planning to make cards to be sent out to Mosaic Jewish Community members, to let them know we are thinking about them through this very difficult time.

NO ARTISTIC ABILITY is necessary—just a desire to bring a smile to someone's face, and to spend a pleasant hour and a half with friends, making cards. See the attached list for useful materials. Some card, pictures, scissors, glue, coloured pens are all you need to start!

We look forward to seeing you there!
